Claim Filing

AmeriHealth Caritas Pennsylvania (PA) Community HealthChoices (CHC), hereafter referred to as the Plan (where appropriate), is required by state and federal regulations to capture specific data regarding services rendered to its Participants. All billing requirements must be adhered to by the provider in order to ensure timely processing of claims.

Important: To comply with provisions of the Affordable Care Act (ACA) regarding enrollment and screening of providers (Code of Federal Regulations: 42CFR, §455.410), Providers participating with AmeriHealth Caritas PA CHC must participate in the Pennsylvania Medical Assistance Program.

All providers must be enrolled in the Pennsylvania State Medicaid program before a payment of a Medicaid claim can be made.

Important note: This applies to non-participating out-of-state providers as well.

This means all providers must enroll and meet applicable Medical Assistance provider requirements of the Department of Human Services (DHS) and receive a Pennsylvania PROMISe ID (PPID). The enrollment requirements for facilities, physicians, practitioners and atypical providers include registering every service location with DHS and having a different service location extension for each location.

DHS fully intends to terminate Medical Assistance enrollment of all non-compliant providers. AmeriHealth Caritas PA CHC will comply with DHS's expectation that non-compliant providers will also be terminated from out network, since medical assistance enrollment is a requirement for participation with AmeriHealth Caritas PA CHC. Go to <http://provider.enrollment.dpw.state.pa.us/> to enroll.

DHS also requires that Providers obtain an NPI and share it with DHS. Further information on DHS requirements can be found at www.DHS.state.pa.us.

When required data elements are missing or are invalid, claims will be **rejected** by the Plan for correction and re-submission.

Claims for billable services provided to Plan Participants must be submitted by the provider who performed the services.

Claims filed with the Plan are subject to the following procedures:

- Verification that all required fields are completed on the CMS 1500 form.
- Verification that all Diagnosis and Procedure Codes are valid for the date of service.
- Verification for electronic claims against 837 edits at Change Healthcare™ (formerly Emdeon, and heretofore referred to as Change Healthcare).
- Verification of Participant eligibility for services under the Plan during the time period in which services were provided.
- Verification that the services were provided by a participating provider or that the “out of plan” provider has received authorization to provide services to the eligible Participant.

- Verification that the provider participated with the Medical Assistance program at the time of service.
- Verification that an authorization has been given for services that require prior authorization by the Plan.
- Verification of whether there is Medicare coverage or any other third party resources and, if so, verification that the Plan is the “payer of last resort” on all claims submitted to the Plan.

Important: **Rejected claims** are defined as claims with invalid or required missing data elements, such as the provider tax identification number, Participant ID number, that are returned to the provider or EDI* source without registration in the claim processing system.

- **Rejected claims** are not registered in the claim processing system and can be resubmitted as a new claim.

Important: **Denied claims** are registered in the claim processing system but do not meet requirements for payment under Plan guidelines. They should be resubmitted as a corrected claim.

- **Denied claims must be** re-submitted as **corrected claims** within 365 calendar days from the date of service or date compensable items were provided.
- Set claim frequency code correctly and send the original claim number.

Note: These requirements apply to claims submitted on paper or electronically.

* For more information on EDI, review the section titled Electronic Data Interchange (EDI) for Medical and Hospital claims in this booklet.

Claim Mailing Instructions

Submit claims to the Plan at the following address:

Claim Processing Department
AmeriHealth Caritas PA CHC
P.O. Box 7110
London, KY 40742-7110

The Plan encourages all providers to submit claims electronically. For those interested in electronic claim filing, contact your EDI software vendor or **Change Healthcare’s Provider Support Line at 1-800-845-6592** to arrange transmission.

Any additional EDI technical questions may be emailed to: edi.chcmltss@amerihealthcaritas.com.

Claim Filing Deadlines

Original invoices must be submitted to the Plan within 180 calendar days from the date services were rendered or compensable items were provided.

Re-submission of previously denied claims with corrections and requests for adjustments must be submitted within 365 calendar days from the date services were rendered or compensable items were provided.

Please allow for normal processing time before re-submitting a claim either through the EDI or paper process. This will reduce the possibility of your claim being rejected as a duplicate claim.

Claims are not considered as received under timely filing guidelines if rejected for missing or invalid provider or Participant data.

Note: Claims must be received by the EDI vendor by 9:00 p.m. in order to be transmitted to the Plan the next business day.

Exceptions

Claims with Explanation of Benefits (EOBs) from primary insurers must be submitted within 60 days of the date of the primary insurer's EOB (claim adjudication).

Important: Claims **originally rejected for missing or invalid data elements** must be corrected and re-submitted **within 180 calendar days from the date of service**. Rejected claims are not registered as received in the claim processing system. (Refer to the definitions of rejected and denied claims on page 6.)

Important: Requests for adjustments may be submitted by telephone to Provider Services at 1-800-521-6007.

(Select the prompts for the correct Plan, and then, select the prompt for claim issues.) If submitting via paper or EDI, please include the original claim number.

If you prefer to write, please be sure to stamp each claim submitted "**corrected**" or "**resubmission**" and address the letter to:

Refunds for Claims Overpayments or Errors

The Plan and the Pennsylvania Department of Human Services encourage providers to conduct regular self-audits to ensure accurate payment.

Medicaid program funds that were improperly paid or overpaid must be returned. If the provider's practice determines that it has received overpayments or improper payments, the provider is required to make immediate arrangements to return the funds to the Plan or follow the DHS protocols for returning improper payments or overpayment.

A. Contact Provider Services at 1-800-521-6007 to arrange the repayment.

There are two ways to return overpayments to the Plan:

1. Have the Plan deduct the overpayment/improper payment amount from future claims payments.
2. Submit a check for the overpayment/improper amount directly to:

Claim Processing Department
AmeriHealth Caritas PA CHC
P.O. Box 7110
London, KY 40742-7110

Note: Please include the Participant's name and ID, date of service, and Claim ID.

- B. Providers may follow the "Pennsylvania Medical Assistance (MA) Provider Self-audit Protocol" to return improper payments or overpayments. Access the DHS voluntary protocol process via the following link:
<http://www.dhs.pa.gov/learnaboutdhs/fraudandabuse/medicalassistanceproviderselfauditprotocol/>

Common Causes of Claim Processing Delays, Rejections or Denials

Authorization Invalid or Missing - A valid authorization number must be included on the claim form for all services requiring prior authorization.

Billed Charges Missing or Incomplete – A billed charge amount must be included for each service/procedure/supply on the claim form.

Diagnosis Code Missing Required Digits – Precise coding sequences must be used in order to accurately complete processing. Review the ICD-10-CM or ICD-10 manual for the appropriate categories, subcategories, and extensions. After October 1, 2015, three-digit category codes are required at a minimum. Refer to the coding manuals to determine when additional alpha or numeric digits are required. Use “X” as a place holder where fewer than seven digits are required. Submit the correct ICD qualifier to match the ICD code being submitted.

Diagnosis, Procedure or Modifier Codes Invalid or Missing Coding from the most current coding manuals (ICD-10-CM, CPT or HCPCS) is required in order to accurately complete processing. All applicable diagnosis, procedure and modifier fields must be completed.

EOBs (Explanation of Benefits) from Primary Insurers Missing or Incomplete – A copy of the EOB from all third party insurers must be submitted with the original claim form. Include pages with run dates, coding explanations and messages. Payment from the previous payer may be submitted on the 837I or 837P. Besides the information supplied in this document, the line item details may be sent in the SVD segment. Include the adjudication date at the other payer in the DTP, qualifier 573. COB pertains to the other payer found in 2330B. For COB, the plan is consider the payer of last resort.

Illegible Claim Information – Information on the claim form must be legible in order to avoid delays or inaccuracies in processing. Review billing processes to ensure that forms are typed or printed in black ink, that no fields are highlighted (this causes information to darken when scanned or filmed), and that spacing and alignment are appropriate.

Incomplete Forms – All required information must be included on the claim forms in order to ensure prompt and accurate processing.

Participant Name Missing – The name of the Participant must be present on the claim form and must match the information on file with the Plan.

Participant Plan Identification Number Missing or Invalid – The Plan’s assigned identification number must be included on the claim form or electronic claim submitted for payment.

Participant Date of Birth does not match Participant ID Submitted – a newborn claim submitted with the mother’s ID number will be pended for manual processing causing delay in prompt payment.

If the baby has not been named, insert “Baby Girl” or “Baby Boy” in front of the mother’s last name as the baby’s first name. Signature Missing – The signature of the practitioner or provider of service must be present on the claim form and must match the service provider name, NPI and TIN on file with the Plan.

Tax Identification Number (TIN) Missing or Invalid - The Tax I. D. number must be present and must match the service provider name and payment entity (vendor) on file with the Plan.

IMPORTANT BILLING REMINDERS:

- Include all primary and secondary diagnosis codes on the claim. All primary and secondary diagnosis codes must have a corresponding POA indicator.
- Missing or invalid data elements or incomplete claim forms will cause claim processing delays, inaccurate payments, rejections or denials.
- Regardless of whether reimbursement is expected, the billed amount of the service must be documented on the claim. Missing charges will result in rejections or denials.
- All billed codes must be complete and valid for the time period in which the service is rendered. Incomplete, discontinued, or invalid codes will result in claim rejections or denials.
- State level HCPCS coding takes precedence over national level codes unless otherwise specified in individual provider contracts.
- The services billed on the claim form should exactly match the services and charges detailed on the accompanying EOB. If the EOB charges appear different due to global coding requirements of the primary insurer, submit claim with the appropriate coding which matches the total charges on the EOB.
- Submitting the original copy of the claim form will assist in assuring claim information is legible.
- The *individual provider name* and NPI number as opposed to the group NPI number must be indicated on the claim form. Note: Home- and Community-Based Services (HCBS) Provider who do not have an NPI must enter the legacy provider ID provided by the Plan.
- Do not highlight any information on the claim form or accompanying documentation. Highlighted information will become illegible when scanned or filmed.
- Do not attach notes to the face of the claim. This will obscure information on the claim form or may become separated from the claim prior to scanning.
- Date of service and billed charges should exactly match the services and charges detailed on the accompanying EOB. If the EOB charges appear different due to global coding requirements of the primary insurer, submit claim with the appropriate coding which matches the total charges on the EOB.
- The *individual service provider name and NPI number* must be indicated on all claims, including claims from outpatient clinics. Using only the group NPI or billing entity name and number will result in rejections, denials, or inaccurate payments. Note: Home- and

Community-Based Services (HCBS) Providers who do not have an NPI must enter the legacy provider ID provided by the Plan.

- When the provider or facility has more than one NPI number, use the NPI number that matches the services submitted on the claim form. Imprecise use of NPI number's results in inaccurate payments or denials. Note: Home- and Community-Based Services (HCBS) Providers who do not have an NPI must enter the legacy provider ID provided by the Plan. When submitting electronically, the provider NPI number must be entered at the claim level as opposed to the claim line level. Failure to enter the provider NPI number at the claim level will result in rejection. Please review the rejection report from the EDI software vendor each day. Note: Home- and Community-Based Services (HCBS) Providers who do not have an NPI must enter the legacy provider ID provided by the Plan.
- Claims without the provider signature will be rejected. The provider is responsible for re-submitting these claims within 180 calendar days from the date of service.
- Claims without a tax identification number (TIN) will be rejected. The provider is responsible for re-submitting these claims within 180 calendar days from the date of service.
- Any changes in a participating provider's name, address, NPI number, or tax identification number(s) must be reported to the Plan immediately. Contact your Provider Account Executive to assist in updating the Plan's records.

Electronic Data Interchange (EDI) for Medical and HCBS Claims

Electronic Data Interchange (EDI) allows faster, more efficient and cost-effective claim submission for providers. EDI, performed in accordance with nationally recognized standards, supports the health care industry's efforts to reduce administrative costs.

The benefits of billing electronically include:

- Reduction of overhead and administrative costs. EDI eliminates the need for paper claim submission. It has also been proven to reduce claim re-work (adjustments).
- Receipt of clearinghouse reports makes it easier to track the status of claims.
- Faster transaction time for claims submitted electronically. An EDI claim averages about 24 to 48 hours from the time it is sent to the time it is received. This enables providers to easily track their claims.
- Validation of data elements on the claim form. By the time a claim is successfully received electronically, information needed for processing is present. This reduces the chance of data entry errors that occur when completing paper claim forms.
- Quicker claim completion. Claims that do not need additional investigation are generally processed quicker. Reports have shown that a large percentage of EDI claims are processed within 10 to 15 days of their receipt.

All the same requirements for paper claim filing apply to electronic claim filing.

Important: Please allow for normal processing time before resubmitting the claim either through EDI or paper claim. This will reduce the possibility of your claim being rejected as a duplicate claim.

Important: In order to verify satisfactory receipt and acceptance of submitted records, please review both the Change Healthcare (formerly Emdeon) Acceptance report, and the R059 Plan Claim Status Report.

Refer to the Claim Filing section for general claim submission guidelines.

ELECTRONIC CLAIMS SUBMISSION (EDI)

The following sections describe the procedures for electronic submission for hospital and medical claims. Included are a high level description of claims and report process flows, information on unique electronic billing requirements, and various electronic submission exclusions.

Hardware/Software Requirements

There are many different products that can be used to bill electronically. As long as you have the capability to send EDI claims to Change Healthcare, whether through direct submission or through another clearinghouse/vendor, you can submit claims electronically.

Contracting with Change Healthcare and Other Electronic Vendors

If you are a provider interested in submitting claims electronically to the Plan but do not currently have Change Healthcare EDI capabilities, you can contact the Change Healthcare Provider Support Line at **1-800-845-6592**. You may also choose to contract with another EDI clearinghouse or vendor who already has Change Healthcare capabilities.

Contacting the EDI Technical Support Group

Providers interested in sending claims electronically may contact the EDI Technical Support Group for information and assistance in beginning electronic submissions.

When ready to proceed:

- Read over the instructions within this booklet carefully, with special attention to the information on exclusions, limitations, and especially, the rejection notification reports.
- Contact your EDI software vendor and/or Change Healthcare to inform them you wish to initiate electronic submissions to the Plan.
- Be prepared to inform the vendor of the Plan's electronic payer identification number.

Important: Change Healthcare is the largest clearinghouse for EDI Healthcare transactions in the world. It has the capability to accept electronic data from numerous providers in several standardized EDI formats and then forwards accepted information to carriers in an agreed upon format.

Important: Contact EDI Technical Support at edi.chcmltss@amerihealthcaritas.com.

Important: Providers using Change Healthcare or other clearinghouses and vendors are responsible for arranging to have rejection reports forwarded to the appropriate billing or open receivable departments.

Important: the Payer ID for AmeriHealth Caritas PA CHC is 77062

NOTE: Plan payer specific edits are described in Exhibit 99 at Change Healthcare.

Specific Data Record Requirements

Claims transmitted electronically must contain all the same data elements identified within the Claim Filing section of this booklet. Change Healthcare or any other EDI clearinghouse or vendor may require additional data record requirements.

Electronic Claim Flow Description

In order to send claims electronically to the Plan, all EDI claims must first be forwarded to Change Healthcare. This can be completed via a direct submission or through another EDI clearinghouse or vendor.

Once Change Healthcare receives the transmitted claims, the claim is validated for HIPAA compliance and the Plan's Payer Edits as described in Exhibit 99 at Change Healthcare. Claims not meeting the requirements are immediately rejected and sent back to the sender via a Change Healthcare error report. The name of this report can vary based upon the provider's contract with their intermediate EDI vendor or Change Healthcare.

Accepted claims are passed to the Plan, and Change Healthcare returns an acceptance report to the sender immediately.

Claims forwarded to the Plan by Change Healthcare are immediately validated against provider and Participant eligibility records. Claims that do not meet this requirement are rejected and sent back to Change Healthcare, which also forwards this rejection to its trading partner – the intermediate EDI vendor or provider. Claims passing eligibility requirements are then passed to the claim processing queues. **Claims are not considered as received under timely filing guidelines if rejected for missing or invalid provider or Participant data.**

Providers are responsible for verification of EDI claims receipts. Acknowledgements for accepted or rejected claims received from Change Healthcare or other contracted EDI software vendors, must be reviewed and validated against transmittal records daily.

Since Change Healthcare returns acceptance reports directly to the sender, submitted claims not accepted by Change Healthcare are not transmitted to the Plan.

- If you would like assistance in resolving submission issues reflected on either the Acceptance or R059 Plan Claim Status reports, contact the Change Healthcare Provider Support Line at **1-800-845-6592**.
- If you need assistance in resolving submission issues identified on the R059 Plan Claim Status report, contact the EDI Technical Support Hotline at: edi.chcmltss@amerihealthcaritas.com.
- **Important:** Rejected electronic claims may be resubmitted electronically once the error has been corrected.

Important: Change Healthcare will produce an Acceptance report * and a R059 Plan Claim Status Report** for *its* trading partner whether that is the EDI vendor or provider. Providers using Change Healthcare or other clearinghouses and vendors are responsible for arranging to have these reports forwarded to the appropriate billing or open receivable departments.

* An Acceptance report verifies acceptance of each claim at Change Healthcare.

** A R059 Plan Claim Status Report is a list of claims that passed Change Healthcare's validation edits. However, when the claims were submitted to the Plan, they encountered provider or Participant eligibility edits.

Important: Claims are not considered as received under timely filing guidelines if rejected for missing or invalid provider or Participant data.

Timely Filing Note: Your claims must be received by the EDI vendor by 9 p.m. in order to be transmitted to the Plan the next business day.

Important: Contact Change Healthcare Provider Support Line at **1-800-845-6592**.

Important: Claims submitted can only be verified using the Accept and/or Reject Reports. Contact your EDI software vendor or Change Healthcare to verify you receive the reports necessary to obtain this information.

Important: When you receive the Rejection report from Change Healthcare or your EDI vendor, the plan does not receive a record of the rejected claim.

Invalid Electronic Claim Record Rejections/Denials

All claim records sent to the Plan must first pass Change Healthcare HIPAA edits and Plan specific edits prior to acceptance. Claim records that do not pass these edits are invalid and will be rejected without being recognized as received at the Plan. In these cases, the claim must be corrected and re-submitted within the required filing deadline of 180 calendar days from the date of service. It is important that you review the Acceptance or R059 Plan Claim Status reports received from Change Healthcare or your EDI software vendor in order to identify and re-submit these claims accurately.

Plan Specific Electronic Edit Requirements

The Plan currently has two specific edits for professional and institutional claims sent electronically.

837P –005010X222A1– Provider ID Payer Edit states the ID must be less than 13 alphanumeric digits.

837I – 005010X223A2 – Provider ID Payer Edit states the ID must be less than 13 alphanumeric digits.

Resubmitted Professional Corrected Claims

Providers using electronic data interchange (EDI) can submit “professional” corrected claims* electronically rather than via paper to the Plan.

* A corrected claim is defined as a resubmission of a claim with a specific change that you have made, such as changes to CPT codes, diagnosis codes or billed amounts. It is not a request to review the processing of a claim.

Your EDI clearinghouse or vendor needs to:

- ✓ Use “7” for replacement of a prior claim utilizing bill type in loop 2300, CLM05-03 (837P)
- ✓ Include the original claim number in segment REF01=F8 and REF02=the original claim number; no dashes or spaces
- ✓ **Do** include the plan’s claim number in order to submit your claim with 7 or 8
- ✓ **Do** use this indicator for claims that were previously processed (approved or denied)
- ✓ **Do not** use this indicator for claims that contained errors and were not processed (rejected upfront)
- ✓ **Do not** submit corrected claims electronically and via paper at the same time
 - For more information, please contact the EDI Hotline at 1-877-234-4271 or: edi.chcmltss@amerihealthcaritas.com
 - Providers using our NaviNet portal, (www.navinet.net) can view their corrected claims faster than available with paper submission processing.

[Tips for Accurate Diagnosis Coding: How to Minimize Retrospective Chart Review](#)

What is the Risk Score Adjustment Model?

The Department of Human Services (DHS) utilizes medical encounter data supplied by the Plan to evaluate disease severity and risk of increased medical expenditures. DHS employs the Chronic Illness and Disability Payment System (CDPS), a diagnostic classification system, to support health-based capitation payments to the Plan. Accurate payments from DHS help us ensure that providers are reimbursed appropriately for services provided to our Participants.

- We must obtain health status documentation from the diagnoses contained in claims data.

Why are retrospective chart reviews necessary?

Although the Plan captures information through claims data, certain diagnosis information is commonly contained in medical records but is not reported via claim submission. Complete and accurate diagnosis coding will minimize the need for retrospective chart reviews.

What is the significance of the ICD-10-CM Diagnosis code?

International Classification of Diseases-10th Edition-Clinical Modification (ICD-10-CM) codes are identified as 3 to 7 alpha-numeric codes used to describe the clinical reason for a patient's treatment and a description of the patient's medical condition or diagnosis (rather than the service performed).

- Chronic diseases treated on an ongoing basis may be coded and reported as many times as the patient receives treatment and care for the condition(s).
- Do not code conditions that were previously treated and no longer exist. However, history codes may be used as secondary codes if the historical condition or family history has an impact on current care or influences treatment.
- Per the ICD-10-CM Official Guidelines for Coding and Reporting (October, 1, 2015), providers must code all documented conditions that were present at time of the encounter/visit, and require or affect patient care treatment or management.

Have you coded for all chronic conditions for the Participant?

Examples of disease conditions that should always be considered and included on the submission of the claim if they coexist at the time of the visit:

Amputation status	Diabetes mellitus	Multiple sclerosis
Bipolar disorder	Dialysis status	Paraplegia
Cerebral vascular disease	Drug/alcohol psychosis	Quadriplegia
COPD	Drug/alcohol dependence	Renal failure
Chronic renal failure	HIV/AIDS	Schizophrenia
Congestive heart failure	Hypertension	Simple chronic bronchitis
CAD	Lung, other severe cancers	Tumors and other cancers
Depression	Metastatic cancer, acute leukemia	(Prostate, breast, etc.)

What are your responsibilities?

Physicians must accurately report the ICD-10-CM diagnosis codes to the highest level of specificity.

- For example, a diabetic with neuropathy should be reported with the following primary and secondary codes:
 - E11.40 Diabetes with neurological manifestations and E08.40 for diabetic polyneuropathy

Accurate coding can be easily accomplished by keeping accurate and complete medical record documentation.

Documentation Guidelines

- Reported diagnoses must be supported with medical record documentation.

- Acceptable documentation is clear; concise, consistent, complete, and legible.

Physician Documentation Tips

- ✓ First list the ICD-10CM code for the diagnosis, condition, problem or other reason for the encounter visit shown in the medical record to be chiefly responsible for the services provided.
- ✓ Adhere to proper methods for appending (late entries) or correcting inaccurate data entries, such as lab or radiology results.
- ✓ Strike through, initial, and date. Do not obliterate.
- ✓ Use only standard abbreviations.
- ✓ Identify patient and date on each page of the record.
- ✓ Ensure physician signature and credentials are on each date of service documented.
- ✓ Update physician super bills annually to reflect updated ICD-10CM coding changes, and the addition of new ICD-10CM codes.

Physician Communication Tips

- When used, the SOAP note format can assist both the physician and record reviewer/coder in identifying key documentation elements.

SOAP stands for:

Subjective: How the patients describe their problems or illnesses.

Objective: Data obtained from examinations, lab results, vital signs, etc.

Assessment: Listing of the patient's current condition and status of all chronic conditions. Reflects how the objective data relate to the patient's acute problem.

Plan: Next steps in diagnosing problem further, prescriptions, consultation referrals, patient education, and recommended time to return for follow-up.

Most Common Claims Errors

Ambulance

Ground and Air Ambulance Services are billed on CMS 1500 or 837 Format

When billing for Procedure Codes A0425 – A0429 and A0433 – A0434 for Ambulance Transportation services, the provider must also enter a valid 2-digit modifier at the end of the associated 5-digit Procedure Code. Different modifiers may be used for the same Procedure Code.

- Providers must bill the transport codes with the appropriate destination modifier.
- Mileage must also be billed with the ambulance transport code and be billed with the appropriate transport codes.

- Providers who submit transport codes without a destination modifier will be denied for invalid/missing modifier.
- Providers who bill mileage alone will be denied for invalid/inappropriate billing.
- Mileage when billed will only be paid when billed in conjunction with a PAID transport code.
- A second trip is reimbursed if the recipient is transferred from first hospital to another hospital on same day in order to receive appropriate treatment. Second trip must be billed with a (HH) destination modifier.
- For 837 claims, all ambulance details are required. Ambulance Transport information; Ambulance Certification; pick-up and drop-off locations.

Procedure Code Modifiers: The following procedure code modifiers are required with all transport procedure codes. The first place alpha code represents the origin and the second place alpha code represents the client's destination. Codes may be used in any combination unless otherwise noted.

Durable Medical Equipment

- Services are billed on a CMS 1500 claim form.

- Refer to the Provider Manual for DME authorization rules and guidelines.
- Program Exceptions - codes K0868 through K0891 will be reviewed on a case by case basis.
- Benefit Exceptions - items/services not listed on the Plan's DME fee schedule will be reviewed on an individual basis based on coverage, benefit guidelines, and medical necessity.

Miscellaneous codes will not be used if an appropriate code is on the Plan's First DME fee schedule.Home Health Care (HHC)

- Provider must bill on CMS 1500 or 837 electronic format (whichever format is designated in their Plan contract).
