Re: CPT codes for the administration of SARS-CoV-2 Vaccines

AmeriHealth Caritas Pennsylvania CHC will follow the guidelines issued on December 24, 2020 by the Department of Human Service (DHS) Medical Assistance Bulletin (MAB) (01-20-59, 08-20-62, 09-20-58, 31-20-59, 33-20-55) outlining the addition of newly created Current Procedural Terminology (CPT) codes for the administration of the novel coronavirus (SARS-CoV-2) vaccines. These codes are both distinct to each coronavirus vaccine and the specific dose in the required schedule.

Effective December 1, 2020 the following CPT codes have been added to the AmeriHealth Caritas Pennsylvania CHC fee schedule. The rate for the administration of the SARS-CoV-2 vaccine is \$10.00.

Vaccine Manufacturer	Code	Code Description
Pfizer, Inc.	0001A	Immunization administration by intramuscular injection of severe acute respiratory syndrome coronavirus 2 (SARSCoV-2) (Coronavirus diseases [COVID-19]) vaccine, mRNA-LNP, spike protein, preservative free, 30 mcg/0.3mL dosage, diluent reconstituted; first dose
	0002A	Immunization administration by intramuscular injection of severe acute respiratory syndrome coronavirus 2 (SARSCoV-2) (Coronavirus diseases [COVID-19]) vaccine, mRNA-LNP, spike protein, preservative free, 30 mcg/0.3mL dosage, diluent reconstituted; second dose
Moderna, Inc.	0011A	Immunization administration by intramuscular injection of severe acute respiratory syndrome coronavirus 2 (SARSCoV-2) (Coronavirus diseases [COVID-19]) vaccine, mRNA-LNP, spike protein, preservative free, 100 mcg/0.5mL dosage; first dose
	0012A	Immunization administration by intramuscular injection of severe acute respiratory syndrome coronavirus 2 (SARSCoV-2) (Coronavirus diseases [COVID-19]) vaccine, mRNA-LNP, spike protein, preservative free, 100 mcg/0.5 mL dosage; second dose
