<b>SUBJECT</b>  Fee Increase for the Administration of SARS-CoV-2 Vaccines	<b>BY</b>   Sally A. Kozak, Deputy Secretary Office of Medical Assistance Programs	

**IMPORTANT REMINDER:** All providers must revalidate the Medical Assistance (MA) enrollment of each service location every 5 years. Providers should log into PROMISE to check the revalidation dates of each service location and submit revalidation applications at least 60 days prior to the revalidation dates. Enrollment (revalidation) applications may be found at: <https://www.dhs.pa.gov/providers/Providers/Pages/PROMISE-Enrollment.aspx>.

## **PURPOSE:**

The purpose of this bulletin is to advise Medical Assistance (MA) providers of fee increases for the administration of the novel coronavirus (SARS-CoV-2) vaccines, effective March 15, 2021.

## **SCOPE:**

This bulletin applies to all physicians, certified registered nurse practitioners, certified nurse midwives, outpatient hospital clinics, independent medical surgical clinics, renal dialysis centers, and licensed pharmacies enrolled in the MA Program who administer immunizations to MA beneficiaries in the Fee-for-Service delivery system (FFS) or through the MA managed care organizations (MCOs). MA beneficiaries in the managed care delivery system should contact the appropriate MCO with any billing questions.

## **BACKGROUND:**

On January 26, 2021, the Department of Human Services (Department) issued MA Bulletin 01-20-62, "SARS-CoV-2 Vaccine Updates", effective December 1, 2020, to advise MA providers about updates related to billing and payment for the administration of the SARS-CoV-2 vaccines. The updates included the addition of new procedure codes for the administration of the SARS-CoV-2 vaccine manufactured by AstraZeneca, as well as the Department's decision to increase the MA Program fee schedule rates to that of Medicare for the administration of the SARS-CoV-2 vaccines.

COMMENTS AND QUESTIONS REGARDING THIS BULLETIN SHOULD BE DIRECTED TO:

**DISCUSSION:**

On March 15, 2021, the Centers for Medicare & Medicaid Services (CMS) announced an increase to the Medicare payment amount for the administration of the SARS-CoV-2 vaccines to \$40.00 for the administration of each dose of a SARS-CoV-2 vaccine. CMS explained the rate increase reflects updated information about the costs involved in administering the SARS-CoV-2 vaccine and the additional resources necessary to ensure the vaccine is administered safely and appropriately.

After discussion with medical providers and other stakeholders about the additional costs and resources necessary to administer the SARS-CoV-2 vaccine, the Department made the decision to increase the MA Program fee schedule rate to that of Medicare for the administration of the SARS-CoV-2 vaccines, effective March 15, 2021.

**PROCEDURE:**

MA providers in both the FFS and managed care delivery systems are to bill for the administration of the SARS-CoV-2 vaccine to MA beneficiaries using the CPT codes below.

<b>Vaccine Manufacturer</b>	<b>Code</b>	<b>Code Description</b>
Pfizer, Inc.	0001A	Immunization administration by intramuscular injection of severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) (Coronavirus disease [COVID-19]) vaccine, mRNA-LNP, spike protein, preservative free, 30 mcg/0.3mL dosage, diluent reconstituted; first dose
	0002A	Immunization administration by intramuscular injection of severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) (Coronavirus disease [COVID-19]) vaccine, mRNA-LNP, spike protein, preservative free, 30 mcg/0.3mL dosage, diluent reconstituted; second dose
Moderna, Inc.	0011A	Immunization administration by intramuscular injection of severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) (Coronavirus disease [COVID-19]) vaccine, mRNA-LNP, spike protein, preservative free, 100 mcg/0.5mL dosage; first dose
	0012A	Immunization administration by intramuscular injection of severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) (Coronavirus disease [COVID-19]) vaccine, mRNA-LNP, spike protein, preservative free, 100 mcg/0.5mL dosage; second dose
AstraZeneca	0021A	Immunization administration by intramuscular injection of severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) (Coronavirus diseases [COVID-19]) vaccine, DNA, spike protein, chimpanzee adenovirus Oxford 1 (ChAdOx1) vector, preservative free, 5x10 <sup>10</sup> viral particles/0.5mL dosage; first dose

	0022A	Immunization administration by intramuscular injection of severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) (Coronavirus diseases [COVID-19]) vaccine, DNA, spike protein, chimpanzee adenovirus Oxford 1 (ChAdOx1) vector, preservative free, 5x10 <sup>10</sup> viral particles/0.5mL dosage; second dose
Janssen Biotech, Inc.	0031A	Immunization administration by intramuscular injection of severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) (Coronavirus diseases [COVID-19]) vaccine, DNA, spike protein, adenovirus type 26 (Ad26) vector, preservative free, 5x10 <sup>10</sup> viral particles/0.5mL dosage; single dose

Attached is the fee schedule entitled, "Fee Increase for the Administration of SARS-CoV-2 Vaccines, Effective March 15, 2021". The attachment identifies the procedure code, national code description, provider type, provider specialty, place of service, pricing and/or informational modifiers if applicable, and MA fee for the procedure codes for providers submitting MA FFS claims.

The MA Program fee schedule rate increase for the administration of the SARS-CoV-2 vaccines is effective March 15, 2021. The Department will reprocess claims submitted between March 15, 2021 and the issuance of this bulletin. Providers do not need to resubmit the claims.

The MA Program does not make direct payments to licensed pharmacists. Pharmacies may submit an 837 Professional (837P) claim to the MA Program for the administration of the vaccines by a pharmacist using the procedure codes as identified above. The billing and rendering provider type for the administration fee claim should be the MA-enrolled pharmacy's National Provider Identifier (NPI). An MA-enrolled prescriber's NPI should be submitted in the referring provider field.

Providers may access the online version of the MA Program Fee Schedule on the Department's website at: <https://www.dhs.pa.gov/providers/Providers/Pages/Health%20Care%20for%20Providers/MA-Fee-Schedule.aspx>.

As a reminder, MA providers may submit a separate NCPDP claim to the Department for the vaccine ingredient cost for MA eligible beneficiaries by indicating, on the claim submission, the appropriate National Drug Code and the units dispensed for the vaccine. Providers may access the online version of the MA Drug Fee Schedule on the Department's website at: <https://www.dhs.pa.gov/providers/Pharmacy-Services/Pages/default.aspx>.

Providers may not bill the MA Program for a vaccine they receive at no cost, including SARS-CoV-2 vaccines purchased by the federal government.
