<b>SUBJECT</b>  Administration of a Booster Dose of the SARS-CoV-2 Vaccines		<b>BY</b>   Sally A. Kozak, Deputy Secretary Office of Medical Assistance Programs

**IMPORTANT REMINDER:** All providers must revalidate the Medical Assistance (MA) enrollment of each service location every 5 years. Providers should log into PROMISe to check the revalidation dates of each service location and submit revalidation applications at least 60 days prior to the revalidation dates. Enrollment (revalidation) applications may be found at: <https://www.dhs.pa.gov/providers/Providers/Pages/PROMISe-Enrollment.aspx>.

## **PURPOSE:**

The purpose of this bulletin is to inform Medical Assistance (MA) providers that the Department of Human Services (Department) added Current Procedural Terminology (CPT) codes 0004A, 0034A, and 0064A to the MA Program Fee Schedule for the administration of a booster dose of the novel coronavirus (SARS-CoV-2) vaccines manufactured by Pfizer, Inc., Janssen Biotech, Inc., and Moderna, Inc., respectively.

## **SCOPE:**

This bulletin applies to all physicians, certified registered nurse practitioners, certified nurse midwives, outpatient hospital-based clinics, independent medical/surgical clinics, federally qualified health centers (FQHC), rural health clinics (RHC), home health agencies, ambulance providers, renal dialysis centers, psychiatric outpatient clinics, drug and alcohol outpatient clinics, partial psychiatric hospitals, and licensed pharmacies enrolled in the MA Program who may administer SARS-CoV-2 vaccines to MA beneficiaries in the Fee-for-Service (FFS) or managed care delivery systems. Providers rendering services to MA beneficiaries in the managed care delivery system should contact the appropriate managed care organization with any billing questions.

--

On September 22, 2021, the U.S. Food and Drug Administration (FDA) amended the emergency use authorization (EUA) for the Pfizer, Inc. SARS-CoV-2 vaccine to allow for a booster dose of the vaccine. On September 28, 2021, the Centers for Medicare & Medicaid Services (CMS) announced the implementation of procedure code 0004A for the Pfizer, Inc. vaccine, effective September 22, 2021. The code is distinct to the booster dose of the Pfizer, Inc. SARS-CoV-2 vaccine. In response, the Department added CPT code 0004A to the MA Program Fee Schedule, which may be used for dates of service on and after September 22, 2021.

On October 20, 2021, the FDA amended the EUAs for both the Janssen Biotech, Inc. and Moderna, Inc. SARS-CoV-2 vaccines to allow for a booster dose of these vaccines. CMS announced the implementation of procedure code 0034A for the Janssen Biotech, Inc. vaccine, effective October 20, 2021, and procedure code 0064A for the Moderna, Inc. vaccine, effective October 20, 2021. The codes are distinct to the booster doses of the Janssen Biotech, Inc. and Moderna, Inc. SARS-CoV-2 vaccines. In response, the Department added CPT codes 0034A and 0064A to the MA Program Fee Schedule, which may be used for dates of service on and after October 20, 2021.

CPT codes 0004A, 0034A, and 0064A are to be used by providers in both the FFS and managed care delivery systems to enable the Department to identify the specific SARS-CoV-2 vaccines that have been administered. This level of specificity offers the ability to track each vaccine, even when the vaccine product is not reported, such as when the vaccine is available at no cost.

**PROCEDURE:**

MA providers in both the FFS and managed care delivery systems are to bill for the administration of a booster dose of the SARS-CoV-2 vaccines to MA beneficiaries using the CPT codes and effective dates below.

<b>Vaccine Manufacturer</b>	<b>Code</b>	<b>Code Description</b>
Pfizer, Inc.	0004A	Immunization administration by intramuscular injection of severe acute respiratory syndrome coronavirus 2 (SARSCoV-2) (coronavirus disease [COVID-19]) vaccine, mRNA-LNP, spike protein, preservative free, 30 mcg/0.3 mL dosage, diluent reconstituted; booster dose
Janssen Biotech, Inc.	0034A	Immunization administration by intramuscular injection of severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) (coronavirus disease [COVID-19]) vaccine, DNA, spike protein, adenovirus type 26 (Ad26) vector, preservative free, 5x10 <sup>10</sup> viral particles/0.5 mL dosage; booster dose
Moderna, Inc.	0064A	Immunization administration by intramuscular injection of severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) (coronavirus disease [COVID-19]) vaccine, mRNA-LNP, spike protein, preservative free, 50 mcg/0.25 mL dosage, booster dose

Attached is the “Addition to the Medical Assistance Program Fee Schedule: Procedure Codes for the Administration of a Booster Dose of SARS-CoV-2 Vaccines”. The attachment identifies the procedure code, national code description, provider type, provider specialty, place of service, effective date, pricing and/or informational modifiers if applicable, and MA fee for the procedure code for providers submitting MA FFS claims.

FQHCs and RHCs are to bill with the applicable CPT codes when a booster dose of a SARS-CoV-2 vaccine is administered to an MA beneficiary during a COVID-19 vaccine-only visit. When a booster of a SARS-CoV-2 vaccine is administered during an encounter visit, FQHCs and RHCs are to bill procedure code T1015 to be paid their provider-specific prospective payment system rate, and the appropriate SARS-CoV-2 vaccine booster CPT code on a separate claim line for tracking purposes. No additional payment will be made for the administration of the SARS-CoV-2 vaccine booster provided during an encounter visit. FQHCs and RHCs may not bill the Department for administration of a booster dose of a SARS-CoV-2 vaccine they receive at no cost or for which they will be paid by another entity to administer.

MA providers who administer a booster dose of a SARS-CoV-2 vaccine to an MA beneficiary who is homebound should bill procedure code M0201 along with the applicable SARS-CoV-2 booster dose administration code. For additional information related to billing for the administration of SARS-CoV-2 vaccines to an MA beneficiary who is homebound, providers should refer to MA Bulletin 01-21-04, “SARS-CoV-2 Vaccine Administration for Beneficiaries who are Homebound” for billing instructions. The bulletin may be accessed at the link below: <https://www.dhs.pa.gov/docs/Publications/Documents/FORMS%20AND%20PUBS%20OMAP/MAB2021072901.pdf>.

Providers may access the online version of the MA Program Fee Schedule on the Department’s website at: <https://www.dhs.pa.gov/providers/Providers/Pages/Health%20Care%20for%20Providers/MA-Fee-Schedule.aspx>.

MA providers may also bill the MA Program for the vaccine for MA eligible beneficiaries by indicating, on the claim submission, the appropriate National Drug Code and the units dispensed for the vaccine. Providers may access the online version of the MA Drug Fee Schedule on the Department’s website at: <https://www.dhs.pa.gov/providers/Pharmacy-Services/Pages/default.aspx>.

Providers may not bill the MA Program for a vaccine they receive at no cost, including SARS-CoV-2 vaccines purchased by the federal government.

For information on how licensed pharmacies enrolled in the MA Program who provide services to MA beneficiaries should bill for the administration of SARS-CoV-2 vaccines by a pharmacist, please refer to MA Bulletin 01-20-60, “SARS-CoV-2 Vaccine Administration by Pharmacists”, issued December 30, 2020, at the link below:
