Re: **Call to Action: HEDIS CPT II Code Reminder – Close Gaps in Care**

It's that time of year again! We are asking for your help in closing gaps in care before the end of the year. Your efforts are **critical** to our HEDIS performance and improving care outcomes for our Members and Participants.

- Order testing for your patients and ask them to have the studies done before the end of the year.
- Report current blood pressure results by submitting the appropriate CPT II code(s) **on your current claims.**
- Submit claims with accurate CPT II and diagnosis codes to make sure gaps in care are closed.
- If you need assistance reengaging AmeriHealth Caritas PA Members, please utilize the Let Us Know program.
- If you need assistance reengaging AmeriHealth Caritas PA CHC Participants, please contact their Service Coordinator.
